Why you should vote for me:

I have made a serious commitment to my career as a realtor. I try to take every opportunity to learn the industry and have obtained my ABR and SRS designations. One of the things I love about our industry is that I learn something new every day.

I believe in our association and look forward to participating in any way that will make our organization better. Being a Realtor is a demanding, often frustrating but always rewarding career.

Those who have worked with me know that I am a strong advocate for my clients, I am hard working and I believe in honesty and integrity in all real estate transactions. I am not afraid to share my thoughts and ideas. I have had leadership and management positions in the past and with that experience I feel I can be an asset to the board.
