President Report - March

Excerpts: "It won't happen to me." We have all used this phrase at some point during our real estate careers. The Central Michigan Association of Realtors has partnered with Isabella Community Credit Union, Commercial Bank, and Mt. Pleasant Abstract to present USA-Realtor Seminar. This program will cover situational awareness, safety at your office, Realtor self-defense equipment and toolbox, safety and security concepts, showing safety, pre-attack indicators, physical behavior indicators and hands on self-defense.

"Do Unto Others As You Would Have Done to You." I believe that there are three pillars to this statement. Respect – for one another and for yourself; Understanding – always for one another as these are long term relationships; and Gratefulness – as it brings value to the relationship regardless of the issue. A unique and affirming culture is created by following the golden rule. When we treat each other with respect, understanding and gratefulness – honor is created. It is an honor to be of service to our association. Whether you serve as a committee chair, as a Director on our Board, as an elected office holder or as a new member wanting to contribute!

MR Legal Lines –

Question of the Month

With the help of McClelland & Anderson, we are taking the most recently asked questions from our legal hotline and putting them in E-news. We will be featuring a different question each issue.

QUESTION:

I am representing three siblings who own a house as joint tenants with full rights of survivorship. They entered into a purchase agreement to sell the property. Prior to closing, one of the siblings passed away. Can the property still be sold by the remaining siblings, or do we have to wait for the deceased sibling's estate to go through probate?

ANSWER:

NO, you do not have to wait for probate. Since the property was owned in joint tenancy, upon the death of one sibling, her interest automatically passed to the other siblings.

AE Report March

February blew by, literally and figuratively. Many committee meetings had to be rescheduled because the weather got dicey, but hopefully that was the worst of it. Spring is arriving, evidenced by the change to Daylight Savings time this weekend.

February saw our first GMM of the year, our first new member orientation of the year with 6 attendees, and an MLS board retreat. Several committees were able to meet and finish up their SWOT discussions, as well as plan several events for our membership.

On a more serious note, NAR has cancelled two large events including the Association Executive Institute in San Diego that I was planning to attend a week from now. Please be careful out there, and please don't attend any meetings or meet with clients if you are not feeling well. There are plenty of people around you that are willing to help you so you can stay home and recover. Thank you for your consideration.
