### Central Michigan Association of REALTORS<sup>®</sup> BTLE iBOX and Key Upgrade Event!

**DisplayKEY users and brokers who lease BT iBoxes need to attend this event!**  
**Those who would like to sign up for a new Supra account should attend as well.**  
**No activation fee will be charged during this event!**

#### Why...

- **Compatibility:** The iBox BT LE communicates directly with smartphones and tablets.
  - No additional hardware or key fob is needed for Android (OS 2.1 and newer), iPhone<sup>®</sup> and iPad<sup>®</sup> products (iOS 5.1.1 and newer), and BlackBerry (OS 5 and newer, except BlackBerry 10).
  - Older iPhone and iPad products (iPhone 4, 3GS, and iPad 2) require a small adapter to meet Apple requirements. **Note:** You may need additional hardware if you are showing in a neighboring association with older iBox keyboxes.
- **Choice of Keys:** The Supra eKEY app, and XpressKEY, all work seamlessly with the iBox BT LE. View the [certified device list](#) to see the most common smartphones and tablets you can use as your iBox BT LE key.
